UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA

LIGHT GUARD SYSTEMS, INC., a California
Corporation,

Plaintiff,

v.

SPOT DEVICES, INC., a Nevada Corporation,
and HAWS CORPORATION, a Nevada
Corporation,

Defendants

Case No.: 3:10-cv-00737-LRH-(WGC)

FINAL JUDGMENT

SPOT DEVICES, INC.,

Counterclaim Plaintiff,

v.

LIGHT GUARD SYSTEMS, INC.,

Counterclaim Defendant.

1 This Court has dismissed all claims in this case with the exception of plaintiff and
2 counterclaim defendant Light Guard System Inc.'s (Light Guard) claim that all versions of the
3 RS200 and RS320 in roadway warning lights (IRWLs) at issue in this case infringe claims 1 - 15
4 of US Patent No. 6,384,742 ("the 742 patent").

5 On June 12, 2012, this Court entered its order regarding claim construction. Light Guard
6 acknowledges that under the Court's claim construction ruling, the versions of the RS200 and
7 RS320 IRWLs at issue in this case do not infringe claims 1 - 15 of the 742 patent.

8 Accordingly, good cause appearing therefor, the Court HEREBY ORDERS, ADJUDGES,
9 AND DECREES that:

10 1. Light Guard's claim that all versions of the RS200 and RS320 infringe the 742
11 patent is dismissed with prejudice.

12 2. The Court enters judgment in favor of Spot Devices, Inc. for its declaratory
13 judgment counterclaim of non-infringement, and declares that none of the versions of the RS200
14 and RS320 IRWLs at issue in this case infringe claims 1 - 15 of the 742 patent.

15 3. This is a final, appealable, judgment disposing of all claims asserted in this action.

16 4. The parties are each responsible for their own costs.
